

AUDITORY STRATEGIES FOR EACH STAGE OF LISTENING

DETECTION

point out sounds and speech

joint attention to sounds

position your voice to the microphone

hear it again and again

DISCRIMINATION

emphasize your voice

repeat it, sing it, (whisper it)

exploit listening first

self talk, narrate your actions

IDENTIFICATION

listen, listen, look, listen

model speech and take turns

expectant look for their response

pause/wait

COMPREHENSION

auditory closure

sabotage

ask "what did you hear?"

open ended questions
